MSCI ESG Rating: AA

Fund Portrait

The fund invests in worldwide equity markets of developed countries except for Switzerland. Focus is on liquidity, sustainability respectively ESG criteria (Environmental, Social, and Governance) as well as optimal diversification. Reference currency is CHF and maximum foreign currency risk amounts to 20%. Leverage, short selling, and securities lending are not allowed. The investments follow a disciplined and structured process and are based on a minimum variance optimization model. The goal is to optimize the risk-return ratio compared to a capitalization weighted investment scheme over a medium to long-term time horizon combined with an above average ESG rating.
