MSCI ESG Rating: A

Fund Portrait

The fund invests in Chinese equities with a focus on liquidity, sustainability/ESG criteria (Environmental, Social, Governance) and optimal diversification. The goal is to improve the risk-return profile in comparison to the cap-weighted index over the medium to long term. The investments follow a systematic, risk-based investment process. OLZ forecasts the risk characteristics (volatilities, correlations) and derives an optimally diversified portfolio based on OLZ minimum variance optimisation. There is no leverage, no short selling and no securities lending transactions.
