WF - OLZ Equity World Optimized ESG

Class UD (USD)

31.10.2026 | For marketing purposes | MSCI ESG Rating: AA

Fund Portrait

The active fund invests globally in equities from developed equity markets with a focus on liquidity, sustainability, and ESG criteria (environmental, social, governance), as well as having an optimal diversification. The goal is to improve the risk-return profile in comparison to the cap-weighted index over the medium to long term. Investments follow a systematic, risk-based investment process. OLZ forecasts the risk characteristics (volatilities, correlations) for all equities in the MSCI World Index and derives an optimally diversified portfolio based on OLZ minimum variance optimisation. There is no leverage, no short selling and no securities lending transactions.

Annual returns in USD

According to MiFID standards (Markets in Financial Instruments Directive) no performance figures shall be made available to investors if the product was launched less than twelve months ago.
